The Nebraska Student-Centered Assessment System (NSCAS), is a statewide assessment system administered to students in grades 3-8.

The ACT test is administered to all public school third-year cohort students, except those identified as needing alternate assessment. Students will participate in ACT Reading, English, Math, Science and Writing each spring.

School General Obligation Bond Information

In **August of 2022**, District OR-1 completed a special election and successfully passed a bond to expand the size of our high school in Palmyra and our elementary school in Bennet. This 22 million dollar general obligation bond is being utilized to proactively address the increased student growth in our community and the enhanced diversity of student needs in our district.

These building expansion projects began in the spring of **2023**. Construction is expected to be completed by the fall of **2024**.

Clark & Enersen was the architectural firm selected for the projects. BIC construction is the Construction Manager at Risk (CMAR) for the projects.

Specific elements of the bond for each building include increasing the total number of available classrooms, maximizing multi-purpose program spaces, and expanding student programs and enhancing educational learning spaces to effectively meet the academic and socio-economic diversity of our current (and future) student and community needs.

District OR-1 Mission Statement

District OR-1 commits to a course of action providing continued academic growth through a curriculum that recognizes limitless potential and inspires faith in a positive future for every student. With a sense of community ownership and responsibility, we will remain fiscally accountable and attentive to current and future high-tech facility and staffing needs.

District OR-1 Strategic Goals

Goal # 1: District OR-1 Public Schools will provide the facilities needed to be competitive with other area schools in athletics and fine arts programs.

Goal # 2: District OR-1 Public Schools will foster a unified community.

Goal # 3: The District OR-1 Schools District will continuously implement (academic) programs and the curriculum needed to remain competitive with other area schools.

School Improvement

District OR-1 first committed to the School Improvement Process (SIP) in the fall of 1993. Since that time the district has been accredited through Cognia (formerly AdvancED) and currently through the Continuous Improvement Accreditation Process provided and facilitated by the Nebraska Department of Education. Recognizing the continual improvement process necessary to meet the highest standards of school excellence. Upon completion of the 2023 external team review process and review, the district was accredited for the next five years and received the following commendations and required actions:

The external team identified powerful practices in place within District OR-1:

- Formalized Curriculum Alignment
- Resources Committed to District Level Organization
- The Board is in the process of updating its Strategic Plan.
- Individual Needs of Students are Identified and Met
- The external team also provided two required actions for the next cycle:
- Develop a Process to Continually Assess and Improve Programs
- Implement the District model of teacher evaluation into classroom practice to improve student learning.

Our next School Accreditation Cycle is 2027-2028.

We are committed to continuous improvement to consistently provide the best educational experience for our students!

Panther Extracurricular Activities /Academic Programs

Extracurricular activities, the other half of education, provide incredible opportunities for our students to further develop positive connections and life skills. District OR-1 provides a wide variety of activities at the high school level and a smaller, but still vital menu of activities at the elementary school. Some of the high school activities are listed below.

Beginning with the **2023-2024** school year, our **Aspire Academy** was introduced to successfully meet the needs of our 18-21 year old special education students. This program collaborates with community leaders and businesses to maximize life and career-ready skills for students.
